

**Beth J. Gray, EA, CTRC**

Beth Gray is an Enrolled Agent, licensed by the IRS, and a Certified Tax Representation Consultant. Beth specializes in solving individual and small business IRS tax problems. She represents taxpayers who owe the IRS but cannot afford to pay. After working for several CPA firms Beth joined with Sandra Jenkins to form Jenkins & Gray. The tax representation arm of Jenkins & Gray is Scenic City Tax Resolution Group. Beth has over 20 years of experience with taxation of individuals, sole proprietors, and small businesses.

Beth's passion for helping people with IRS tax problems started when the IRS sent her a notice that she and her husband owed an additional \$23,000 in income taxes. While Beth had been doing taxes for a while, she was unsure where to start to fight the IRS. This is a totally different area from tax preparation. Beth contacted the IRS right away. She knew not to ignore the letter. She asked for more time to pull together the documents she needed. The end result was that Beth and her husband received a No Change Letter from the IRS stating they did not owe the additional tax.

After this experience, Beth realized that people who are not familiar with IRS procedures really need help in resolving tax issues with the IRS. This began her passion for helping others keep the IRS from bullying them into paying more than they owe.

Beth is a member of the American Society of Tax Problem Solvers and the National Association of Tax Practitioners.
