

It's all about relationships

Important tax issues arise year-round; you need your tax professional to be available to help you. We're here to answer your tax questions, assist with tax planning, provide business consultation services, and more.

Getting tax help

The IRS tax code keeps changing and expanding. Let us help. We spend our days and nights keeping up with ever-changing and ever-growing income tax laws ... so you won't have to.

Small business support

Any tax firm can file your business tax return for you. Tucson Tax Team goes way beyond merely copying your numbers onto tax forms! We offer a comprehensive annual review of your business. We'll discuss your business goals and how we can help you meet them. We'll look at the pros and cons of different types of business entities (sole proprietor, partnership, S Corporation), review your expenses to make sure you aren't missing any deductions, and discuss how new tax laws will impact your tax situation. We'll review your mid-year profit and loss statement and make recommendations as to how to reduce your tax liability.

All states

Out-of-state returns to be filed? We're on it. Live out of state and want us to do your taxes? No problem—our online client portal makes it easy for us to work with clients anywhere in the world.
