

Many of our clients start out by trying to handle their IRS case by themselves (or with their current CPA, attorney or tax preparer), but end up with negative results or no results at all. The professionals on our staff know the "ins and outs" of the tax system and can negotiate a solution that works for you.

HE LIFTED A HEAVY BURDEN. I would like to thank James Coman for the professional and knowledgeable way he helped me resolve my IRS problems. He was able to negotiate a tax debt in excess of \$54,000 for a fraction of this amount. He was always available to answer any questions I had and truly understood my situation. During a time of misfortune with my health and my business, James offered me hope by negotiating a tremendous debt, one I would never have been able to repay. I feel like the weight of the world was lifted off of my shoulders. I would recommend his services to anyone needing assistance dealing with the IRS.

UNFILED TAX RETURNS & DEBT. James Coman did an outstanding job negotiating my case with the IRS. His knowledge in how to effectively deal with them made this process much easier for me, and I could never have attained the results in as timely a manner as he did. I am extremely grateful for the professionalism and real care for my situation that he demonstrated throughout this process. We were able to get my unfiled tax returns all filed and reduce my debt drastically.

- Ed Dressler, General Construction

FRESH START. When I hired James Coman to help me get out from under the weight of the IRS debt I had, I couldn't have imagined a better deal than what he was able to negotiate. I now feel like I have a fresh start and can breathe a sigh of relief. What was well over \$40,000 in tax debt, was able to be negotiated down to under \$1,000, and I was able to pay it off in less than 6 months! I felt he truly cared about my situation, and I couldn't be happier with the results. I can't thank James enough for all he did for me!
