Services for Individuals

Your assets are important to you and helping you protect those assets is important to us. We can help you provide security for your future and family with thorough and mindful accounting and business consulting.

For your loved ones that are advancing in age, basic financial tasks can become increasingly difficult. At this stage in life, your loved ones are at a greater risk of being taken advantage of. Without a trusted advisor, receiving assistance with finances can leave your loved ones vulnerable to theft and fraud. We can assist with bills, budgeting and more while giving you peace of mind with our honest, accurate reporting on your loved ones finances.

- Personal Financial Planning
- Estate Planning Guidance
- Tax Planning and Preparation
- Assistance with Banking Financials
- Personal Financial Consulting
- Divorce Financials

...and more

What can an experienced Accountant do for you?

An accountant is a trusted advisor that does a multitude of things for you. An accountant can reduce and simplify your time commitment to your finances while providing invaluable guidance and advice to help you maximize your success and overall wealth for you and your business. This will allow you to focus your time where you choose, knowing that your taxes and accounting are in good hands.

Less Stress—More Success

Why choose Compass Accounting?

Prior to starting her own business in 2007, Annette Hamilton spent 15+ years working in private and public industries in positions including: Forensic Accountant, Court Appointed General Receiver, CFO/Controller, Internal Auditor, Administrator/Director of Accounting, Senior Accountant, and Senior Financial/Accounting Analyst. She currently serves on the Board of Directors for the National Association of Tax Professionals for Washington State 2017-2019.

Ingenuity—Integrity—Intelligence

An accountant is a trusted advisor and Annette Hamilton will be yours! Annette applies her business acumen and intellect to your particular circumstances to achieve the most beneficial outcome while operating with open lines of communication, full transparency, an unwavering code of ethics and friendly demeanor.
