## EXPERIENCE MATTERS

Here at Brilliant Solutions Group, we are small business experts. We offer a complete set of services to address nearly every financial reporting need you might have with the flexibility to select only what you need.

We are experienced, results driven individuals who can provide top shelf accounting, bookkeeping and tax services. We are also certified at the highest level as Advanced Certified QuickBooks ProAdvisors and Intuit Solutions Providers. We have built an excellent reputation for ethical professionalism delivered with personal attention at an affordable price that will surprise you.

## YOU ONLY PAY FOR WHAT YOU NEED

Our flexible packages help keep our services cost effective. Upfront you will get a contract with what is included, clearly spelling out your all-inclusive fee.

By bundling our services, we give you only what you need, and since our fee is all-inclusive (with any exceptions clearly stated), you will not be nicked and dimed to death or hit with unexpected expenses.

### Merchant Services (Payment Solutions)

Intuit's Merchant Services is cost effective and gives you everything you need to process all major credit and debit cards in one solution. We can have you setup in less than 48 hours to accept mobile payments and integrate with any QuickBooks POS and financial accounting software.

# SERVICES AND SUPPORT

### Remote Bookkeeping and Accounting

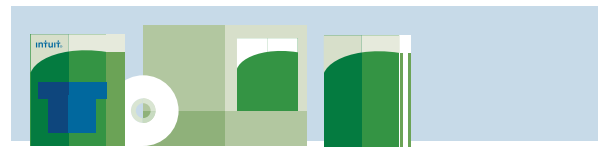

With the latest technology, we can function as your complete in-house bookkeeping department remotely, from our office. We reconcile your bank statements, generate financial statements, and clean up your general ledger. We can even pay your bills and manage payroll remotely. With our support, you will need fewer employees, and the ones you have are free to focus on income-generating activities. You can rest in the knowledge that you have a trusted, professional partner overseeing and protecting your finances.

### Taxes

We can prepare, review, and electronically file all individual, partnership and corporate taxes. We will help you proactively reduce taxes in every legal way possible. If you encounter tax problems, such as back taxes owed or an audit, we are there every step of the way to resolve the problem on your behalf.

You can trust that all of your tax obligations are handled in the best, most efficient way possible—always.

### Quickbooks

QuickBooks is the ideal software for small to mid-size business, and once properly in place, it is easy to use. However, sometimes, getting there is not always easy. That's why we offer an extensive selection of services. We can help you choose and customize the right version of QuickBooks to fit your industry. We can help you pinpoint what you need to get started, set up your system, train you and your employees, answer on-going question, provide support, and routine maintenance and upgrading. We can partner with you as you grow. With the right tools, you can focus on what matters most: building your business.

### Affordable Payroll Services

We offer a broad range of payroll service options through Intuit—from assisted payroll to full service payroll processing—designed to meet a variety of different business needs.

**On average Intuit Payroll Solutions costs 35% less than ADP or Paychex!!!**

### Training and Support

Your time is valuable and accounting software should not bog you down. We offer QuickBooks training on topics such as setting up and entering your accounting transactions accurately, upgrading to a newer version, and using tools like Intuit Statement Writer to create GAAP financial statements. Let us train you in the most effective and efficient way to use QuickBooks.

### Data Migration and System Maintenance

The decision to change from your existing software to a new platform can be daunting. We can manage your transition and show you how get the most out of QuickBooks. We convert your data and provide you with best practices on how to incorporate QuickBooks into your business processes, so you can make the switch with confidence. We can also help you add third party software applications to complement your QuickBooks system to automate and improve business processes and increase productivity and efficiency.
